Buffalo and Attica railroad,	299	Galvanized steamer,	250
<b>C</b>		Government aid to railroads,	275, 285
Cost of transportation, Ellet on,	21, 345, 353	Georgia railroad report,	300
Canal between Cairo and Suez,	88	<b>H</b>	
Concrete, introduction, composition, uses, etc.,	114	Harrisburgh and Pitsburgh railroad report, Schlater,	75
Canal commissioners' of Penn., report for 1842,	130	Hartford and Springfield railroad,	105
Canal commissioners' of N. York, report for 1842,	166	Hudson river railroad, remarks on the,	240
Canal boats, iron,	188	<b>I</b>	
Circular to stockholders, directors, etc.,	209	Iron, American railroad,	70
Cheap travelling,	221	Iron canal boats,	188, 384
Croton dam, destruction of,	225	Iron axles, deterioration of,	193
Chesapeake and Ohio canal,	242, 291	Iron steamers on lakes,	351
Cubical quantities,	268, 328	Internal improvement, report on in N. C.,	120
Canal tolls,	286	Indiana & Illinois railroads,	207, 208
Croton water pipes bursting,	294, 375	<b>K</b>	
Canal statistics,	296, 332	Kamschatka steamer, letter on,	146
Civil engineers, interests of,	313	Kite's patent safety beam,	267
“ American association of,	333	<b>L</b>	
Cost of locomotive power,	344	Lights in rapid motion, visibility of,	57
Canal boats, iron,	384	Locomotive, Norris' miniature,	60
<b>E</b>		“ Eastwick & Harrison's,	89
Earle's process, report on,	16, 112	“ of 1829 and 1843,	253
Ellet on cost of transportation, 21, 341		“ Baldwin & Whitney's,	280
		Legislative call for information from railroads in New York,	97
		“ Interference with railroad management,	99

- Low fares, 47, 129, 206, 281, 295  
 Lake steamers, 188  
 Long Island railroad report, 243  
     " trial, 330  
 London correspondent, 316  
 Latrobe, on American association  
     of civil engineers, 333  
     M  
 Marble cement, 32  
 Massachusetts railroads in 1842, 33  
 Mechanical skill, American, 127  
 Mohegan, explosion of boiler of, 161  
 Morris canal, 189  
 Milk and railroads, 220  
 Michigan, railroads in, 287  
 Morse's electro-magnetic telegraph, 297  
     N  
 National institute, circular, 119, 222  
 North Carolina, internal improve-  
     ment in, 120  
 New York canal, commissioner's  
     report for 1842, 166  
 New York and Erie railroad, 187  
 Navy of United States, 250  
 Notes on practical engineering, 268  
     (328, 362)  
 Note to "canals of Canada," 372  
     O  
 Otis' patent excavator, 260  
     P  
 Preserving timber, Earle's pro-  
     cess, report on, 16, 112  
 Phil. and Reading railroad, 18, 248  
     " rail and structure, 380  
 Pennsylvania canal commis-  
     sioners' report for 1842, 120  
 Patent commissioner's report, 178  
 Pyramids of Gizeh, 189  
 Professional employment, 199  
 Pork on railroads, 223  
 Paris and London railroad 309  
     R  
 Railroads, progress of, 2  
     " in Mass., Bloomfield, 1842, 33  
     " system, examination of, 40
